
Entries Now Open for the
CSRG
8th Charity Challenge
at Infineon Raceway, Sonoma CA
September 30-October 2, 2011
Benefiting Speedway Children's Charities of
Sonoma

CSRG's 8th Charity Challenge highlights historically important Lotus cars, and features 1992 Indianapolis Rookie of the year and seven-time Indy participant Lyn St. James as Grand Marshall and Featured Driver. Proceeds from this event will add to the nearly half-million dollars which the first seven CSRG Charity Challenges have raised for Speedway Children's Charities of Sonoma. This will be a heavily promoted spectator event with many car-related activities for the whole family.

The famous CSRG Roving Tech Inspection starts at 9am Friday, September 30, with preference given to those who are entered in Friday afternoon's Open Practice. Friday Morning track time can also be arranged with the Infineon Raceway staff.

A full schedule of racing for all types of CSRG eligible cars takes place Saturday and Sunday, with a morning and afternoon track session for each run group each day. The schedule will be posted on this web site about September 15.

The race schedule will be interrupted mid-day each day with Track Rides for Charity and track parades of Vintage sports cars. The Track Rides for Charity are an event in which anyone 16 or older can experience three laps of the track, at speed, in a Vintage race car of their choice, at a cost as low as \$50. The track parades are open to any car that is eligible for the Car Club Corral in the Paddock, with a limit of 75 cars each day.

Special social events are planned for the weekend as well. Gate tickets are \$25 a day for Saturday or Sunday, \$40 for the weekend, with children under 12 free. All proceeds go to the Charities.

Those interested in attending as spectators should also take a look at http://www.infineonraceway.com/schedule/complete_schedule/csrg/
